National arrivals:

1. Upon arrival, aircraft must follow ATC's instructions to enter to General Aviation apron.
2. When passengers get off, federal agents will get on board to perform an inspection of the luggage (There might be the possibility of having this done by the National Guard) They usually take trained dogs to detect food and/or any other substances.
3. This process takes around 10-20 minutes.
4. Once this is done, passengers will be able to exit through General Aviation.

National departures:

1. Boarding will be done through the General Aviation Hall.
2. Luggage will be taken to the X ray machine for a security inspection.
3. Luggage might be checked by the National Guard and soldiers, before boarding on the apron.
4. This process will take around 10-20 minutes.

International arrivals:

1. Upon arrival, aircraft must follow ATC's instructions to enter General Aviation where international authorities are located.
2. Crew and passengers' passports will be requested by one of our staff representatives to present them to immigration authorities. Once released they will be handed back.
3. When passengers get off the aircraft, customs Federal agents and health-sanitation authorities will board to perform an inspection.
4. Passengers must walk into the General Aviation building to follow the CIQ processes. Please consider all luggage must be unloaded and cannot be inspected without owner's presence (Authorities usually take trained dogs to detect food or any other substances).
5. This process takes around 20-30 minutes depending on the number of operations happening at the same time at the airport.

International departures:

1. Crew and passenger's passports and luggage will be requested by one of our staff representatives to present them to Immigration and Customs authorities.
2. Luggage will be taken to the X ray machine for a security inspection.
3. Once finalized they will be allowed to board the aircraft.
4. This process takes around 20-30 minutes.
5. After the above process is done, aircraft will follow ATC's instructions to take off.
