Arrivals:

1. Upon arrival, aircraft must follow ATC's instructions to move to international position.
2. When crew and passengers get off the aircraft, a representative of customs and health-sanitation will board to make sure there isn't any passenger or luggage left, please remember all food will be disposed on international arrivals.
3. Crew and passengers will be guided to the VIP CIQ service inside the Red Wings facilities (extraordinary service on request) or to the commercial Customs and Immigration building.
4. All luggage will be taken to the conveyor belt to present it to immigration.
5. When passengers and crew get to the CIQ VIP service or the commercial aviation building, immigration authorities will check their passports.
6. When finishing the Customs processes, all suitcases, bags, backpacks, handbags, or briefcases will be inspected by Customs agents. It is forbidden to use cell phones, iPads, iPods, or any other device during that moment. Passengers must be present during this inspection.
7. When the CIQ process is over, Passengers and crew will be able to walk to the FBO facilities. All their luggage will be transported.
8. This process takes around 20-40 minutes. It all depends on the traffic in the commercial terminal or the time of the arrival.

Departures:

1. The aircraft will be towed to the international position 45 minutes before its departure time. Note: passengers and crew's luggage must be inspected by Customs authorities before getting it on the aircraft.
2. Both, passengers, and crew, as well as their luggage, must be guided by one of our staff representatives to the commercial aviation building or to the VIP CIQ for inspection.
3. When passengers and crew get to the VIP CIQ service or the commercial aviation building, immigration authorities will check each passport.
4. Once customs and immigration process are finished, it will be possible to load all luggage and passengers will be allowed to board.
5. This whole process will take around 20-40 minutes depending on the commercial international traffic and the time of departure.
